

## TBIBank Bibliography

- Avramović, P., Kenny, B., Power, E., McDonald, S., Tate, R., Hunt, L., MacDonald, S., Heard, R., & Togher, L. (2017). Exploring the relationship between cognition and functional verbal reasoning in adults with severe traumatic brain injury at six months post injury. *Brain Injury, 31*(4), 502-516.
- Avramovic, P., Togher, L., Kenny, B., & Power, E. *Exploring the relationship between cognition and real world reasoning in adults with severe TBI at 6 months post injury*. Honours presentation, University of Sydney, Discipline of Speech Pathology.
- Bogart, E., Togher, L., Power, E., & Kenny, B. (2012). *Reporting on TBIBank: A revolutionary clinical tool*. Speech Pathology Australia National Conference, Hobart.
- Brassel, S., Kenny, B., Power, E., Elbourn, E., McDonald, S., Tate, R., ... & Togher, L. (2016). Conversational topics discussed by individuals with severe traumatic brain injury and their communication partners during sub-acute recovery. *Brain injury, 30*(11), 1329-1342.
- Byom, L., & Borton, M. (2019). *Story retell of older adults with traumatic brain injury*. Poster presented at the American Speech-Language-Hearing Association Convention, Orlando, FL.
- Chan, M. S. W., Kong, A. P. H., & Lau, D. K. (2017, November). Measuring sentence types and complexity of spontaneous discourse productions by Cantonese-speakers with traumatic brain injury in Guangzhou: A pilot study. Poster presented at the Academy of Aphasia, Baltimore, MD.
- Cheah, L. T., Kenny, B., Power, E., & Togher, L. *Verbal reasoning, cognitive-communication skills and return to work outcomes in adults with severe Traumatic Brain Injury at two years post-onset*.
- Duffy, S. M. (2020). *Narrative discourse in traumatic brain injury: Examining the validity and clinical utility of main concept, sequencing, and story grammar (MSSG) analyses*. Master's thesis, University of New Hampshire, Department of Communication Sciences and Disorders.
- Elbourn, E., Kenny, B., Power, E., Honan, C., McDonald, S., Tate, R., ... & Togher, L. (2019). Discourse recovery after severe traumatic brain injury: Exploring the first year. *Brain injury, 33*(2), 143-159.
- Elbourne, E., Kenny, B., Power, E., & Togher, L. (2019). Psychosocial outcomes of severe traumatic brain injury in relation to discourse recovery: A longitudinal study up to 1 year post-injury. *American Journal of Speech-Language Pathology*. doi:10.1044/2019\_AJSLP-18-0204
- Elbourn, E., Togher, L., Kenny, B., & Power, E. (2016). Strengthening the quality of longitudinal research into cognitive-communication recovery after traumatic brain injury: A systematic review. *International Journal of Speech-Language Pathology, 19*(1), 1-16. doi:10.1080/17549507.2016.1193896
- Hanna, L. E. (2018). *The relationship between discourse- and sentence-level processing during*

- narrative production following traumatic brain injury*. Master's thesis, Rush University, Department of Communication Disorders & Sciences.
- Hanna, L.E., & Peach, R. K. (2018, November). *The relationship between discourse- and sentence-level processing during narrative production following traumatic brain injury*. Poster presented at the American Speech-Language-Hearing Association Convention, Boston.
- Honan, C. A., McDonald, S., Tate, R., Ownsworth, T., Togher, L., Fleming, J., ... & Francis, H. (2019). Outcome instruments in moderate-to-severe adult traumatic brain injury: recommendations for use in psychosocial research. *Neuropsychological Rehabilitation*, 29(6), 896-916.
- Lum, S., Kenny, B., Power, E., & Togher, L. *Conversation topics following severe traumatic brain injury (TBI): A study at 2 years post-injury*. Poster.
- Persson, E., Togher, L., Power, E., & McAllister, A. *Procedural discourse performance in severe traumatic brain injury at 3 and 6 months post injury*. Presentation.
- Pond, M. (2020). *Story grammar analysis of Cinderella narratives in adults with and without traumatic brain injury*. Master's thesis, University of New Hampshire, Department of Communication Sciences and Disorders.
- Power, E., Weir, S., Richardson, J., Fromm, D., Forbes, M., MacWhinney, B., & Togher, L. (2020). Patterns of narrative discourse in early recovery following severe traumatic brain injury. *Brain Injury*, 34(1), 98-109. doi:10.1080/02699052.2019.1682192
- Steel, J., & Togher, L. (2019). Social communication assessment after traumatic brain injury: a narrative review of innovations in pragmatic and discourse assessment methods. *Brain Injury*, 33(1), 48-61.
- Steel, J., Ferguson, A., Spencer, E., & Togher, L. (2017). Language and cognitive communication disorder during post-traumatic amnesia: Profiles of recovery after TBI from three cases. *Brain Injury*, 31(13-14), 1889-1902.
- Stubbs, E., Togher, L., Kenny, B., Fromm, D., Forbes, M., MacWhinney, B., ... & Power, E. (2018). Procedural discourse performance in adults with severe traumatic brain injury at 3 and 6 months post injury. *Brain Injury*, 32(2), 167-181.
- Togher, L., Elbourn, E., Kenny, B., Power, E., McDonald, S., Tate, R., ... & MacWhinney, B. (2014). TBI Bank is a feasible assessment protocol to evaluate the cognitive communication skills of with people with severe TBI during the subacute stage of recovery. *Brain Injury*, 28(5-6), 723-723.
- Togher, L., Elbourn, E., Power, E., Kenny, B., McDonald, S., Tate, R., ... & MacWhinney, B. (2014, November). *TBIBank*. Poster presentend at the American Speech-Language Hearing Association Convention, Orlando, FL.
- Tran, S., Kenny, B., Power, E., Tate, R., McDonald, S., Heard, R., & Togher, L. (2017). Cognitive-communication and psychosocial functioning 12 months after severe traumatic brain injury. *Brain Injury*, 31(6-7), 747-748.
- Wilk, C., Valensky, S., Randolph, J., & Strong, K. A. (2019, March). *Using emotional valence to analyze elicited stories about an important event told by individuals with TBI in*

*TBIBank*. Poster presented at the Michigan Speech-Language Hearing Association Conference, East Lansing, MI.

Young, E. (2017). *Discourse changes following severe traumatic brain injury: A longitudinal study*. Master's thesis, University of New Mexico, Department of Speech-Language Pathology.
